

we, are  
back-  
*playing* the  
thread-bareness  
of life:

*tenuous tools –*  
each of us –

impersonating  
*cracks fallen*  
*through, ripped*  
*seams of social*  
*welfare, the faces*  
*of refuge, conjugations*  
*of support*

from/in  
'the safety' (?) of  
crafting the  
wealth of  
privilege-into-  
*palpable tasting*  
poverty-  
(through-pudding)...

the net is a  
Mission statement of  
broken bits, pieces  
fragmented:

STORIES....

*personal*  
*shared*

*volatility meets provocateurs of care*

CLASS  
-ifying  
-ed  
difference...

*an erasure of*  
*the make-*  
*believe of*  
reality...

THIS drama is REAL ....

*seven in black: (w)hole in the void.*
